Applies To

This patch can be applied on Adeptia Suite Ver. 6.1 GA Release.

List of Changes

Following table lists the enhancements and bug fixes that are covered in this patch.

Enhancements/ Bug Fixes	Description/User Story
Version Tag : Release_6_1_01_30Oct_2013	
B2BI	
AS-4283	When you generate an outbound X12 277 5010 file, using EDI outbound processing and map the STC segment, then in the output file STC segment is missing.
AS-4204	When there is no new line character after IEA segment and new line is used as segment separator in file then B2B flow gets aborted.
AS-4284	If the EDI transaction set has size more than 32728 characters, then Inbound flows get aborted with data truncation error on HSQLDB backend.
ST ordering not maintained while creating EDISchema.xml in EDI Accelerator (Ticket #3249)	In EDI, while reading the EDI file Transaction Set order is not maintained.
Wrong inbound relationship is picked at runtime (Ticket #3186)	When multiple EDI files are processed concurrently, then some time wrong inbound relationship is picked.
Support to send single FA per trading partner.	Support is added to send single FA file per trading partner, when multiple ISA is received in the same input file. By default this feature disabled. To enable this feature, change the value

	<i>abpm.solution.edi.generateAckPerTradingPartner</i> property as <i>true</i> .
AS-4239	Support is added to use special character Ø as segment terminator for EDI 997 file.
Data Mapper	
Missing operation in salesforce WSDL, when loaded into data mapper (Ticket #3230)	When latest salesforce enterprise WSDL is loaded into data mapper, then some of the operations do not load.
Extension elements disappear in data mapper (Ticket #3122)	When you create clone nodes and define different extension elements for those nodes, the extension elements disappear after the data mapper is closed and reopened.
Others	
Cannot copy message from system log (Ticket #3331)	System Logs screen does not allow to copy "Message" column.
Interactive boot failed (Ticket #3361)	After applying the patch, when you restart the Kernel, the interactive boot failed error comes.
